

# GLITTERBUGS

(AGES 3-SENIOR KINDERGARTEN)

Glitterbugs is a program that focuses on music and singing. We use repetition as the teaching tool for these young learners. Children develop musically, as well grow in confidence as they practice their songs weekly. A typical night of Glitterbugs would include: free-play (a time for children to have fun with their friends), song circle (children sing songs about Jesus), craft, and snack. The Glitterbugs have the opportunity to perform their songs twice a year for an audience to great success.

# ADVENTURE ZONE

(GRADES 1-5)

On a regular night of Adventure Zone, we will offer 3 activities for the children. Children will be able to choose at the beginning of the season which they would like to participate in. Besides giving kids a chance to have fun, programs led by knowledgeable and passionate leaders will allow children to experience and develop different skills. We are not ashamed to admit that we LOVE to have FUN and we think kids do as well! Special game nights will be woven into our program to ensure that we maximize on the fun. Fast paced Bible stories and memory work will be included on regular nights as part of their experience. We hope that the fun we show while serving God will be contagious and an example to the program participants.
